MANAGEMENT DISCUSSION AND ANALYSIS REPORT AS PER REGULATION 34(2) OF SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

Overview of Economy & Industry Scenario

Global Economy and Outlook

The global economy is gradually recovering from the impact of pandemic and at the same time facing new challenges emerging from Russia's invasion of Ukraine. Tightening of monetary policy by most Central Banks is expected to have a positive impact. Despite monetary tightening, inflation is persistent in many key economies and it is anticipated that global inflation will fall from 8.7% last year to 7% this year and settle at around 5% in the year 2024.

Indian Economic Overview

The Indian Economy continues to show resilience amid Global Uncertainties. Despite significant challenges in the global environment, India was one of the fastest growing economies in the world. India's overall growth remains robust and is estimated to be 6.9% for the financial year 2022-23. Growth was driven by strong investment activity augmented by the government's capex push and buoyant private consumption.

Structural reforms like the National Infrastructure Pipeline and National Monetization Plan by the Government is expected to further boost infrastructure development. It is paving the path for further development and continues to encourage projects across sectors, including reforms for improving labour laws. V-shaped economic recovery is due to mega vaccination drive, robust recovery in the services sector and growth in consumption and investment. This is being demonstrated in high frequency indicators such as power demand, rail freight, GST collection etc. Almost all emerging economies are reeling under external shocks, but India's underlying economic fundamentals are strong and despite the short-term headwinds, the impact on the long-term outlook is expected to be marginal.

Inflation remained high, averaging around 6.7% in FY 2022-23 but the current-account deficit narrowed in Q3 on the back of strong growth in service exports and easing global commodity prices.

Dwelling on the outlook for FY2023-24, the Economic Survey 2022-23 issued by Ministry of Finance projects that, India's recovery from the pandemic was relatively quick, and growth in the upcoming year will be supported by solid domestic demand and a pickup in capital investment. It further affirms that aided by healthy financials, incipient signs of a new private sector capital formation cycle are visible and more importantly, compensating for the private sector's caution in capital expenditure, the government raised capital expenditure substantially.

TEXTILES

Global Textile Industry

The global textile market grew from about \$573 billion in 2022 to about US\$ 610 billion in 2023 at a compound annual growth rate (CAGR) of 6.6%. The Russia- Ukraine war has led to an increase in commodity prices and supply chain disruptions, causing inflation across goods and services impacting economies across the globe. The textile market is however expected to grow to about US\$ 755 billion in 2027 at a CAGR of 5.5%.

The COVID-19 pandemic and the Russia – Ukraine war had challenged the textile industry drastically which is now on a recovery stage. Increasing demand for apparel from the fashion industry coupled with the growth of e-commerce platforms is expected to drive the market growth over the next few years.

The textile industry is an ever-growing market, with key competitors being China, the European Union, the United States, and India. China is the world's leading producer and exporter of both raw textiles and garments. India is among the top five textile manufacturing country and is responsible for more than 6% of the total textile production, globally.

The rapid industrialization in the developed and developing countries and the evolving technology are helping the textile industry to have modern installations which are capable of high-efficient fabric production.

Indian Textile Industry

India is the world's second-largest producer of textiles and garments. It is also the sixth-largest exporter of textiles spanning apparel, home and technical products. The Indian textile and apparel industry is expected to grow at 10% CAGR from 2019-20 to reach US\$ 190 billion by 2025-26. India has a 4% share of the global trade in textiles and apparel. The textiles and apparel industry contribute 2.3% to the country's GDP, 13% to industrial production and 12% to exports. The textile industry has around 45 million of workers employed in the textiles sector, including 3.5 million handloom workers. India's textile and apparel exports (including handicrafts) stood at US\$ 44.4 billion in FY22, a 41% increase YoY. Total textile exports are expected to reach US\$ 65 billion by FY26.

The Textile and Apparel market is poised to grow, led by boost in demand and the government support in form of attractive schemes such as Production Linked Incentive (PLI), Mega Investment Textile Parks (MITRA) will further drive the way for the US\$ 250 billion target. Another step taken by the Ministry of Textiles towards positioning India as a global leader in technical textiles manufacturing is the invitation of Research proposals for

Funding for Design, Development and Manufacturing of Machinery, Tools, Equipment, and Testing Instruments under NTTM.

Opportunities, Threats and Challenges

Opportunities

- ❖ The company has inherent strength due to its prime location.
- ❖ Changes in economic legislations and rationalization of the tax structure and duty structure such as custom duty etc.
- ❖ VFY is emerging as a fiber with new applications. The general economic well being has resulted in the switch back to the use of this fiber for sarees and furnishing fabrics.
- ❖ 'Make in India'/Atmanirbhar Yojana campaign is a testimony to the huge growth potential in the industry, both in terms of infrastructure and skill improvement.

Threats

- ❖ Threat from PFY due to its lower price has been a factor that has been having a cyclical impact in the market.
- ❖ The Company perceives threat from imports and consequent pressure on domestic prices, apart from the increase in cost of raw materials and other inputs.
- ❖ Rising input costs (wages, power and interest cost), restrictive labour laws and intensified competition from other low cost countries like China.

Risk & Concerns

The broader trends in the economy are expected to have a direct impact on your Company's growth prospects as well. Inflation is expected to remain elevated for the foreseeable future, driven by war-induced commodity price increases and broadening price pressures. In addition, the anticipated increase in interest rates by Central Banks in the coming year are also expected to lower growth and exert pressure on economies particularly those in emerging markets.

In these circumstances, the ability to successfully navigate cost pressures would have a significant bearing on the overall performance of your Company. Diminishing purchasing power and demand due to the economic circumstances could result in fundamental shifts in consumer behaviors and adversely impact the market for textiles.

Your company's entire operational activities in textile segment are stand still since August 2008.

REAL ESTATE

Global Real Estate Market

The global real estate market is expected to reach a value of about US\$ 7.8 Trillion by 2027, exhibiting a CAGR of 1.90% during 2022-2027. The market is expected to grow at a healthy pace owing to the rising population, desire for personal household space, burgeoning need for quality housing and infrastructure, and the increasing trend of nuclear families. In line with this, the shifting consumer preferences toward a clean, safe, and secure environment, along with rapid infrastructural development, such as enhanced connectivity via roads, air, and railways are creating a positive outlook for the markets.

Indian Real Estate Market

In the past decade, the real estate market has undergone a transformation. Sustainability, landscape design, gated communities, improved amenities, mortgage rates, and expanded government assistance for low-income residents are just some of the cutting-edge real estate trends that have emerged. Despite rising construction costs and a significant hike in the repo rate, the real estate sector has seen a considerable upswing. After two long years of pandemic-related lockdowns and subsequent economic turmoil, the industry has experienced a comprehensive recovery this year through Tier I, II and III cities.

Trends indicate that buyers prefer investing in projects of established/credible players to avoid any kind of risk. Good track record, credibility, greater transparency, and customer confidence in reputed players will boost established players gain a stronger foothold in the Indian market.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF THE BARODA RAYON CORPORATION LIMITED

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone financial statements of The Baroda Rayon Corporation Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, notes to financial statements and the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, its Profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

- (i) *Attention is drawn to Note 33(i) to the statement regarding non provision of interest on loan of ₹ 197,76,91,423/- of overdue debts availed under the Modified Draft Restructuring Scheme (MDRS) till March, 2023. These stipulated overdue debts were not settled due to legal hurdle. Now the Company is in process to create the security of overdue unsecured loans along with the secured loans, which shall rank paripassu, with existing debt if any, after the interest is finalized on negotiation with lenders. Since the interest is not ascertained it is not provided in the books. To that extent the reported profit is overstated and other equity balance is overstated.*

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

- i) We draw attention to Note 38 of accompanying standalone financial statements, as regards to the exceptional item of unsecured loan of ₹ 16,74,98,673/- which was forfeited pursuant to violation of agreement as per sanctioned BIFR scheme.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The Key Audit Matter	How the matter was addressed in our audit
<p>Refer Note 28 & 29 to the accompanying standalone financial statements:</p> <p>As on 31st March, 2023, the Company has recognised liabilities relating pending litigation, employees gratuities, wage settlement to the extent it is crystallised.</p> <p>Considering the materiality of the amounts involved, the significant management judgement required in estimating various liabilities being inherently subjective, this matter has been identified as a key audit matter for the current year audit.</p>	<p>Our audit procedures included the following: Our procedures included, but were not limited to the following:</p> <p>(i) Obtained an understanding of management's process and evaluated design and tested operating effectiveness of controls around identification of indicators of various crystallized and contingent liabilities under Ind AS.</p> <p>(ii) Financial liabilities at fair value through profit or loss include financial liabilities held for trading and designated upon initial recognition as at fair value through profit or loss.</p>

Information Other than the Standalone Financial Statements and Auditors' Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises of Management Reports such as Board's Report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report (but does not include the Standalone Financial Statements and our Auditors' Report thereon) which we obtained prior to the date of this Auditor's Report, and the remaining section of the Company's Annual Report, which are expected to be made available to us after that date.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this Auditor's Report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the other sections of Annual Report (other than those mentioned above), if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the applicable laws and regulations.

Responsibilities of Management for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India, in exercise of powers conferred by sub-section 11 of section 143 of the Act, and on the basis of such checks of books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure-A" attached hereto our comments on the matters specified in the paragraphs 3 and 4 of the said Order.

2. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) Except for the possible effects of the matter described in the Basis for Qualified Opinion Paragraph, in our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- (e) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure-B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements (Refer Note 29 to the financial statements).
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - (iv) (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities

("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) In financial year 2021-2022, the company has started real estate business by converting its existing land reported under Property, plant & equipment into inventory. In the current year under review, the company has again done fair valuation of real estate held as inventory on the basis of valuation report obtained from Government Approved Valuer. This revised net realization value has resulted in increase in profit of ₹ 233,40,50,189/- for details refer to note 7 of financial statements.

(c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come our notice that has caused us to believe that the representations under sub-clause (a) and (b) above contain any material mis-statement

- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanation given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the management.
- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanation given to us, a report under Section 143(12) of the Act in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.
- (c) As represented to us by the management, the Company has not received any whistle-blower complaint during the year and upto the date of this report.
- xii. The Company is not a Nidhi Company. Therefore, the provisions of clause 3 (xii) of the Order are not applicable to the Company.
- xiii. The Company has not entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. Hence the details of such related party transactions are not required to be disclosed in the financial statements as required by the applicable Ind AS.
- xiv. *In our opinion, the Company does not have an adequate internal audit system commensurate with the size and nature of its business.*
- xv. The Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (a) the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934;
- (b) the Company has not conducted any Non-banking Financial or Housing Finance activities during the year;
- (c) the Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.
- Accordingly, reporting under clauses 3(xvi)(a), 3(xvi)(b) and 3(xvi)(c) of the Order are not applicable to the Company.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.

- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. the Company is not required to spent CSR under Section 135 of the companies Act, 2013. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Report on the internal financial controls under clause (i) of subsection 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of The Baroda Rayon Corporation Limited ("the Company") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these standalone Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

Subject to our qualification & other comments of our main report along with Annexures thereon & various comments regarding closure of operation & loss of key personnel, in our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The company added real estate business in its object clause and amended its object clause in Memorandum of Association accordingly.

Currently company is engaged in Real Estate activities.

2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

(a) Basis of preparation and compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

(b) Basis of measurement

The financial statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial instruments and defined benefit plans which have been measured at fair value as required by the relevant Ind AS. Refer note 3(c) and 3(h) below.

(c) Functional and presentation currency

The financial statements are prepared in Indian Rupees, which is the Company's functional and presentation currency. All financial information presented in Indian Rupees has been rounded to the nearest lacs with two decimals.

(d) Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realized within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting date; or
- the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets/liabilities include current portion of noncurrent financial assets/liabilities respectively. All other assets/liabilities are classified as non-current. Deferred tax liabilities are classified as non-current liabilities.

Operating cycle:

Based on the nature of the operations and the time between the acquisition of assets for processing and their realization in cash or cash equivalents, the Company has ascertained its operating cycle less than twelve months for the purpose of current non-current classification of assets and liabilities.

3. STATEMENT OF COMPLIANCE AND SIGNIFICANT ACCOUNTING POLICIES:

3.1 Statement of Compliance:

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time.

3.2 Accounting Policies:

a. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefit will flow to the Company and the revenue can be measured reliably.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have been transferred to the buyer.

Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc. Provision is made for returns when appropriate. Revenue is measured at the fair value of consideration received or receivable and is net of price discounts, Freight, allowance for volume rebates, and similar items.

Other Income

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest.

b. Property, Plant and Equipment

Freehold land is carried at historical cost and revaluation cost. All other items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

Depreciation/amortization:

Depreciation on fixed assets is provided on straight line method over the useful lives of assets specified in Schedule II of the Companies Act, 2013.

The range of estimated useful lives of Property, Plant & Equipment's are as under:

Category	Useful Life
Buildings	30 Years
Plant, Machinery	7-15 Years
Moulds & Dies	8 Years
Furniture & Fixture	10 Years
Office Equipment	5 Years
Vehicles	8 Years
Electric Installation	10 Years
Laboratory Testing Equipment's	10 Years
Computers	3 Years

The management believes that the useful life as given above represent the period over which the management expects to use these assets. The Company reviews the useful life and residual value at each reporting date.

The Company has applied the rate of depreciation on the basis of residual value of above fixed assets as contemplated in Schedule II of Companies Act' 2013, as the entire fixed register have been updated with physical verification. As all the plants are very old, the useful life of assets are completed as per the years mentioned in the Schedule II of the Companies Act' 2013. Consequently, the net block of assets is consisting of residue value to the extent of 5% of cost and revaluation portion (except for car & vehicles).

c. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial assets

Initial recognition

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognized at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognized at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortized cost, fair value through other comprehensive income & fair value through profit or loss.

a. Measured at amortized cost:

A financial asset is measured at amortized cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortized cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised to Statement of Profit and Loss.

b. Measured at fair value through other comprehensive income

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognized in the OCI, except for interest income which recognized using EIR method. The losses arising from impairment are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in the OCI is reclassified from the equity to Statement of Profit and Loss.

c. Measured at fair value through profit or loss

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred.

(ii) Financial Liabilities

Initial Recognition

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognized at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

a. Financial liabilities at amortized cost (Loans & Borrowings):

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

b. Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and designated upon initial recognition as at fair value through profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and loss.

iii) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

iv) Income/Loss recognition**Interest income:**

Interest income is accrued on time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Dividends:

Dividend income from investments is recognized when the right to receive it is established.

Borrowing costs:

Borrowing costs are recognized as expenses in the Statement of Profit and loss in the period in which they are incurred.

d. Impairment of financial assets

The Company assesses at each reporting date whether there is any objective evidence that a financial asset or a group of financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in profit or loss. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

e. Inventories

(i) Erstwhile Policy of inventories of Textile and other core manufacturing activities:

Inventories are stated at the lower of cost (net of GST where applicable) and the net realizable value. Cost of inventories includes cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

In respect of raw materials, cost is determined on specific identification method, while cost of stores and spares is determined on First-in First-out basis.

Finished goods include all direct costs and apportionment of production overheads.

Net realisable value is estimated selling price in the ordinary course of business less estimated cost of completion and selling expenses.

However after closure of manufacturing activity there are no records required to be maintained as there were no activity, accordingly there is no question of any discrepancies to be reported.

(ii) Real Estate Business:

Company has started the real estate segment from Financial year 2021-2022 on the basis of transfer of Land under Plant, Property and Equipment's to inventory. The value has been adopted on the basis of Government independent value reporters. The principal of valuation is on the basis of Net Realization value method.

f). Taxation

The tax expense for the period comprises current and deferred tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

Minimum Alternative Tax ('MAT') credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period. As per Management representation, provisions for Minimum Alternate Tax (MAT) are not applicable because company has decided to opt for Section 115BAA of The Income Tax Act, 1961.

g). Employees Benefits

The company provides following post-employment plans:

- (a) Defined benefit plans such as gratuity and
- (b) Defined contribution plans such as Provident fund & ESIC

The company was following the above plans till the company was in operations till August 2008. Since last two years company is paying in above plans out of its own financial arrangements.

h). Provisions and contingencies

A provision is recognized if, as a result of a past event, the group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

i). Earning per share

Basic EPS is arrived at based on net profit after tax available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

j). Cash and cash equivalents

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value. Where original maturity is three months or less.

k). Cash flow statement

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

l). Use of estimates and judgements

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognized in the period in which the results are known/materialized.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date

The above policies were followed to the extent wherever applicable. Subsequently there were no activities carried, hence there is no specific requirement for adherence of accounting policies. However, there is no specific information relating to any change of policies due to loss of key managerial personnel in accounts as well as finance department.

m) Recent pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Group does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

n) Non-current assets (or disposal groups) held for sale and discontinued operations:

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of the carrying amount and the fair value less cost to sell. An impairment loss is recognized for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognized for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognized. A gain or loss not previously recognized by the date of the sale of the non-current asset (or disposal group) is recognized at the date of de-recognition. Non-current assets (including those that are part of a disposal group) are not depreciated or amortized while they are classified as held for sale. Non-current assets (or disposal group) classified as held for sale are presented separately in the balance sheet. Any profit or loss arising from the sale or measurement of discontinued operations is presented as part of a single line item in statement of profit and loss.

Critical estimates and judgment in applying accounting policies

The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Information about estimates and judgments made in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as follows:

i) Provisions and contingencies

A provision is recognized if, as a result of a past event, the group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

ii) Accounting policy on taxation

In preparing financial statements, the Company recognizes income taxes of the jurisdiction in which it operates. There are certain transactions and calculations for which the ultimate tax determination is uncertain. The Company recognizes liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. The uncertain tax positions are measured at the amount expected to be paid to taxation authorities when the Company determines that the probable outflow of economic resources will occur. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the period in which such determination is made.

iii) Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or to settle a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or to settle a liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 — other techniques for which all input which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3 — Inputs which are not based on observable market data

39. Financial Instruments – Fair value and Risk Management

(i) Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
- 2) Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Financial Instruments are categorised in three level based on the inputs used to arrive at fair value measurements as described below:-

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities. (at cost)

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Inputs which are not based on observable market data

The carrying amounts and fair values of financial instruments by category are as follows:

(ii) Financial risk management objectives and policies

The Company Financial risk management is an integral part of how to plan and execute its business strategies. The company risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

(a) Market Risk- Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

(b) Exposure to interest rate risk

Borrowings bearing Fixed rate of interest	47,32,35,296/-	60,09,67,152/-

(c) Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the company periodically assess financial reliability of customer, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- Actual or expected significant adverse changes in business,
- Actual or expected significant changes in the operating results of the counterparty,
- Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- Significant increase in credit risk on other financial instruments of the same counterparty,
- Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.
